Dear Vasif,

Thanks a million for a great visit. I got a lot out of it and have already been talking to Rooseum folk about Nadi. I'm off the gwangu tomorrow so I'll know soon if I am to be invited to work on this. If so, I'd like to get ODA involved together with some other 'group/collaborative' practices. So, hopefully it will be good news. I'll also get in touch with Huseyin A. about the sea elephant. He needs help with this project and I'll try to get Henrik Håkansson and Nils Norman to get in touch with him. If it happens, it could be really extraordinary.

You can get Roddy's catalogue from Dundee Contemporary Arts. Tell Katrina Brown there to send you a free copy - if problems I'll get in touch and tell her to send it!

Any help..any time...just ask

Love to you özge, esra, baris, gunes and all

Charles
