Dear Vasif

Thanks for your note. Sorry not to have gotten back earlier but I have been away again.

I could speak on archives and what we do at the Getty. That would be simple and maybe useful. I would also raise some issues concern counter-archival practices. Otherwise, all my attention at present is on Chinese matters. The most recent essay is 'The Specter of Being Human' but I would need slides, and the art is pretty shocking to the point of even not wishing to show it. one thing to write about it another to show it.

Enclosed is resume long and short

Let me know anyway. I am looking forward to returning to Istanbul very much.

warm regards

Charles

ps. I may have to arrive on Saturday same time, but that would not affect my lecture at all. I will let you know in advance of course.

pps Where can I stay?
