Dilek Hello,

Can you please communicate this message today to the parties involved in the AJ project. I feel two issues need further clarification.

The exhibition is being carried out by Proje4L. Hence, issues such as layout is our responsibility. We welcome tomorrow the AJ group to discuss the project and the plans in a friendly manner, as well as seek their good ideas. This is the extent of it.

Regarding the budget. I do not accept it to be broken down and treated in an itemized way. As per the budget agreed upon, including the exigency, Proje4L will receive a net sum of USD 10,989 for the realization of the project. All other costs such as poster production are additional.

Ciao,

Vasif
