

March 19, 1996

Dear Gulsun:

We received a pleasant visit from the Director of the North Dakota Museum of Art in Grand Forks, North Dakota, Laurel Reuter, who has expressed interest in booking the entire exhibition *A-Dress: States of Being* for June 23-August 4, 1996.

The North Dakota Museum of Art is a beautiful gallery with an excellent reputation in programming and scholarship. We would like to work with them on hosting the exhibition in their space. The Winnipeg Art Gallery is prepared to handle the shipping via their own temperature and humidity controlled truck as well as send a preparator and myself to oversee the installation works. The WAG will insure the work in transport and the Museum of Art in Grand Forks will cover insurance during exhibit at their institution. When the works are returned, we will take care of disbanding the works to their owners.

The Museum of Modern Art in North Dakota is prepared to handle all other logistical costs. If you agree to extending the loan of your work until August 4, would you please let us know either by writing or by telephone. We are very pleased with this opportunity and hope you will be as well.
