Empire Ottoman empire

~~I have been thinking of creating~~
a ^{great} caftan (The robe of honour of the
Ottoman Empire) which is decorated
with an 'Illustrated History' was ^{a very} ~~my~~
very old dream dream for me

The offer for the Show A-Dress gave
me the initiation to ~~bring the~~ give
a start to it.

The Caftan for me ^{carries it} ~~see multi~~
(~~It~~ has an ^{-recognition-} association of ideas.)
is Multi-functional (associational) is
a protector ^{concealer} and a
^{improper} ^{currier} ^{bearer} of a mobility and depending its
transparency

Historical", a very dramatical form.
I would like to ^{contribute} donate it another burden
~~of the~~ ~~thing~~ such as 'illustrations of its
history of the decades. and I would like

to place it in its lining next to the
bearer's skin. My Illustrated History
is spread along the inside ~~stuffs~~ ^{and}
and inside the linings of the sleeves.

Caftan is larger ^{much} than the normal
Human size to carry the ^{interpreted} ~~illustrated~~ history
which I place inside. A crazy ^{historical} montage
of mine of ~~the~~ long lost eastern
Empire.
