Dear Ms. Rottenberg:

I am sending you a copy of my curriculum vitae as I have promised during the conference "Expanding Internationalism" in Venice. I hope this will be helpful to you for our application, and am grateful for helping us in this matter. Mrs. Beral Madra will send hers as soon as she arrives in Istanbul.

Meanwhile, I would be very happy if you could relay us further information regarding your upcoming exhibition. We would then be able to send you slides and prints as well as critical and biographical information on the artists immediately.

It was very nice to meet you in Venice. I hope such meetings will lead towards palpable outcomes in the future. I am eagerly waiting for your reply,

Sincerely,

Vas f K. Kortun
