

Dear Mr.,

We would like early written consent on the possible participation of Japan in the Third Istanbul Biennial.

Should you find it of benefit and time saving for us to get in contact with the Japan Foundation which I assume is organizing the exhibition, we would more than glad to do so. I am also curious if they would like further information on the Biennial. Our telephone and fax numbers are listed below.

Meanwhile you will find below a recent notice of our deadlines and other pertinent information.
