hi vasif

the first of may mayhem is luckily over and i survived... lene and milla asked whether it is possible to get normal small slides of the show ("kino-dia" slides) - could you help me with this? since it is cheaper to take slides than copy them you could maybe ask somebody to take

four sets of slides from the exhibition (installation shots of the two floors and also shots of each artists own walls so that all the works get documented but not pictures of individual works)

hope all is well and all the works are still hanging there

regards to all

best

kari
