hi vasif

so the dates will be 5 april - 15 june 2002

did you get the contract? i'm off to berlin to meet some of the artists and trying to restrain myself with pasha mika and not consume so much alcohol... how are things? it's snowing here - hectic with work - things are ok
please send the sogned contract here so we get one thing off the way

i'll enclose the catalogue cover proposal for proje4l's exhibition let me know what you think?

i'm awaiting confirmations from vanessa baird - seems that she got cold feet about proje4L show and i'll know later today whether she'll be able to participate - can't live with them or without - would be a shame if she decides to drop out because of ver commitment but if it happens we'll have to reconsider the layout of the exhibition and just use the lower floor - i'll let you know by monday-tuesday

best
kari
