Subject: Jens for Vasif

Dear Vasif,

Super thanks for the email! I could not find your email address anymore since my computer crashed at the beginning of the year and now I have to slowly put all the addresses back together. Yes I think it would be fantastic to visit Istanbul and to come to see your show as well as the Biennial and maybe spent some time there. I enclose you the last CV specially made for the Goethe Institute! I hope they will like me! So maybe the 18th is a good time to arrive? I will definitely come with Luisa. Well we can talk about the details later! And do not worry about the money thing so much, I mean somehow we will manage to get me down there. What I want to say is I am not in it for the money!

All the very best!

Yours,

Jens
