Dear Vasif Kortun

I understand your difficulty in comprehending Birgit Flügge's objections to your request. It seems to me that she has not been thorough enough in reading your email. I will send the manual to your address in Istanbul as it is not digital but material.

I am sure we will work this out. It's just a hassle getting it through the bureaucracy.

hilsner fra / best wishes,

Søren Sønderstrup

Dear Søren:

Thank you for your email.

I am having difficulty in understanding what Ms. Birgit Flügge from the DDC really wants. It is too early to make a visual graphic presentation of the whole exhibition layout. Sticking to the original content is a principle that cannot be breached. What we will bring to the exhibition are additional content for the audience in Istanbul, not manipulations of DDC's original content.

Would you be so kind to email me the manual? I do not have it. Thanks very much for the texts and I have received them in good shape.

Best regards,

Vasif Kortun
