Re: Artists Residencies in Istanbul

Thank you for your interest and possible contribution ^{to} in our activities in Istanbul.

Yes, we are very interested in having to share responsibilities in your programs both in plastic and performing arts.
^{fine} visual

We would like to participate in your program jointly, as
The Istanbul Foundation for Arts and Culture

and
Yildiz University.

As host organizations we would like to look for and find housing and studio space for the visiting US artists; introduce the artists to the art scene and artists in our ^{Turkey} country, and act as a first point of contact and assist them in emergencies.

As Per ^{Tomur Atagök's telephone} ~~our~~ conversation with Dorothy Desir Davis
We would like to send a list of
artists whom you can send your new
brochure indicating our interest in
them to do an "art in situ" project
for the new Art Museum at Feshane,
sometime
^ next week.

We look forward to our future cooperation
~~Many thanks again~~

Sincerely yours,

Aydın Gün
